**Essential Questions:**

- *How do we apply our Vision and Goal to a real world problem?*
- *How will our vision & goal help us introduce our new principal to our hopes and dreams?*

**Directions:** Find a creative way to show how you think our vision & goal can help us find effective ways to introduce our new principal to our hopes and dreams?

(You could make a list, write a paragraph, draw a picture or cartoon, make a comic strip, or find some other creative way to what you think.)
