This year in CCR or in school in general is to get homework done and maintain a good average in school. Make the Varsity Softball team and improve in volleyball. I've struggled in science so this year I'm going to try and stay after more. I'm just trying to enjoy my last two years of high school because I heard it goes by fast.

Honestly my hopes for this year is to pass all my classes and Graduate. My hopes for this school ~~is~~ is to have a better sports program for all football. It would be nice if seniors would get senior priviledges back. CCR's are great but it would be nice if ~~they~~ they would go back to the normal study halls were we would be able to work on just homework instead of doing work that is not homework and takes more time out of our ~~study~~ CCR's.

Well, this school year I would like to figure out what i'm doing after school, start getting all of my work done with good grades, and to help others be successful in school. I would also like to try helping to get the electronics policy changed, such as cell phones, which can be used for a lot of school stuff, and mp3 players/iPods which ~~could~~ I use to help me concentrate on homework. Also I would like a way to have free time in a/c, like if I have all of my work done and have done an activity, I would like to be able to rest, or play an educational game on the laptop.
